

THE ARAMAIC PROJECT (THE NEXT PHASE)

The program that Fr. Joseph launched in 2013, with the help of the St. Stanislaus and Transfiguration parishioners, to preserve the language of Jesus and the Apostles, grew beyond initial expectations.

(There is an extensive website with all the information and links to over 90 videos. <http://christianmusicologicalsocietyofindia.com/aramaic-project>)

The American Library of Congress which preserves and provides access to a rich, diverse and enduring source of knowledge, is planning to archive and catalog Fr. Joseph's videos.

This program, to honor, cherish, and preserve the unparalleled legacy of an ancient language and music, calls for more comprehensive work...requiring contacting more resource persons, exploring additional themes, discovering treasures hidden in the memories of the older generations.

Funds are needed to continue the project...**please spread the word around through your social media outlets about the following options to donate:**

- [Donate via Aramaic Project website](#)
- PayPal (jpalackal@gmail.com)
- Personal checks to "Fr. Joseph Palackal with memo "Aramaic Project"

>>For large donation tax deduction information, please email Fr. Joseph at jpalackal@gmail.com<<

Thank you for your concerted efforts to save an endangered language, an intangible cultural heritage of humanity.

May Jesus bless you.
Slaama Peace
